Care and Maintenance of Dinnerware Sets

When it comes to dinnerware, there are a few things you need to keep in mind in order to keep your set looking its best. Here are a few tips on how to care for and maintain your dinnerware set:

-Wash your dinnerware by hand using a mild detergent. Avoid using harsh chemicals or abrasive scrubbers, as this can damage the finish of your plates and bowls.

-If possible, avoid putting your dinnerware in the dishwasher. The high temperatures and harsh detergents can cause fading and wear over time.

-When storing your dinnerware, make sure to wrap each piece individually in acid-free tissue paper. This will help prevent scratching and damage during storage.
